Description

- The PowerPeak Automatic opening and clamping design which can be operated with one hand and make everything easier and safer. Just place your phone inside the holder, the clamps will close and provide a strong stable hold. A gentle touch on any sides of the quick release buttons, the arms would automatically open. When your phone is fully charged, the wireless car charger will automatically power off and protect the battery of your phone.
- 2-IN-1 Design Combines the Qi Wireless Charger and a car phone holder. Wireless car charger offers fast charging for your phones and save you from the messing with cables and cases while driving.
- No need to remove phone case (most of phone cases in the market except rugged, uneven case,) while charging. The car holder can hold all phones with a width of 60-80mm tightly, which works very well for all Qi-enabled phones.
- You have multiple installation of the wireless car charger holder, it can be installed on the windshield, dashboard, table securely with the strong suction cup. The fully 360-degree rotation allows for optimum viewing and easier use of functions, which is the safest way to access your phones systems such as your GPS and phone calls.
- You can get 1 x Qi Wireless Car Charger, 1 x Suction Cup Mount, 1 x Air Vent Clip, 1 x Type C Cable (length 1M/3.28FT)
